## How To Work Together- THE CREDIT UNION WAY!

Have you ever seen a group of people who can't agree on anything? When we disagree, nothing is accomplished. But when we work together, things can get done faster and better with everyone playing a valuable part. That's exactly how a credit union works!

A credit union has a lot to offer its members. We give loans to some members, help some save for their goals, and also teach members (like you!) all about money. By working together, everyone wins!
